Portable Misting System

Love Being Outside but hate being **HOT?**

Anyone can easily wheel the unit in place and cool down a 10' x 10' tent in minutes.

MIST-ER-COMFORT is the **COOL** new way to enjoy all of your outside activities.

MIST-ER-COMFORT outdoor misting systems provide hours of refreshing cool mist that lowers the surrounding air temperature by as much as 25 degrees.

The patent pending misting heads form a cool curtain of fine mist that acts as a barrier; separating you and your guests from the summer heat.

Enjoy the outdoors...all year long! MIST-ER-COMFORT has a misting system specially designed for boats, patios, RVs and a portable model for everywhere else.

Easy...DO-IT-YOURSELF installation design allows anyone to setup a system in minutes. Durable non-corrosive and UV resistant materials will allow years of service.

MISTER-ER-COMFORT...how COOL is that!

How Does It Work?

MIST-ER-COMFORT is based on the scientifically proven theories of evaporative cooling and thermal dynamics.

Tailgating • Outdoor Festivals • Camping • Beach Party
Boating • Outdoor Sports • Patios • Pool Areas • Decks

Don't miss out on one of the **COOLEST** ways to raise money for your group, charity, and organization.

Mist-er-Comfort will provide you with all the sales tools needed to cash in on the **COOLEST** thing around.

- **NO Inventory**
- **NO Minimum Orders**
- **NO Deadlines**

We will provide your group a customer code that gets you the credit no matter when the order is received.

Fundraising with Mist-er-Comfort... how cool is that!

Contact us today for a product demonstration and start letting everyone know just how **COOL** you really are.

OTHER PRODUCTS AVAILABLE

Boat Bimini Mister

The kit attaches to most boat bimini tops and uses the boat's water supply to allow you to boat comfortably.

RV Awning Mister

Clip the MIST-ER-COMFORT RV Awning kit onto any motor home awning to provide comfort during the hot summer.

Patio Mister

Cool down your patio, pool deck or any outdoor area using our patio misting kit.
