

Affordable RV Misting Systems

With over eight years of outdoor misting experience, Mist-er-Comfort is the leading choice of misters for the recreational vehicle industry. We offer a wide array of components specially designed and UV rated for the harsh outdoor environment.

RV customers have reported misting systems reduced temperatures by as much as 25 degrees. This allows relaxing outside longer during the hottest of days!

Designed for: Recreational Vehicles and Motor Coaches of all sizes

Standard RV Misting System Kit

Kit # 3001

Kit is completely assembled with three misting heads; installs in minutes. Easily fits up to a 12ft awning (additional misting heads can be added). Kit gets its pressure from either the campsite's hose bib or the on-board fresh water tank. Kit comes with everything you need. Not intended to be a permanent installation.

Custom RV Misting System with Pump Kit

Kit # 3003

Designed for RVs requiring a more custom installation. This Kit includes 125psi pump for finer mist pattern, filter/automatic drain, 4 Stainless Steel Misting Heads, 35 ft of tubing, adapters, special thru-wall coupler, and mounting hardware of Velcro straps/ Delrin clips to attach misting heads to the awning canvas. Kit can be easily installed in a few hours and is intended for more permanent installation. (On/Off switch is not included)
