Orlando, FL (1888PressRelease) June 26, 2010 - Mist-er-Comfort is changing the way America does outdoor activities. Mist-er-Comfort, a portable outdoor misting system provider announces the release of a new patio misting system product.

The Patio Mister Kit with Booster Pump includes everything you need to install a custom patio misting system. The kit is large enough to mist over 50 feet of linear misting area. The patio misting system forms a cool barrier surrounding your patio area from the hot areas. On the hottest of summer days, the misting system will drop the outdoor temperature by up to 25 degrees!

The Kit MSRP is \$795 and Includes:

- Enclosure with Booster pump and filter
- Remote Control
- 60 of UL rated tubing
- 10 misting heads
- 9 misting tee connectors
- 2 misting elbows
- 30 wood staples
- 30 clamps and screws.

“ *Our new patio misting system allows people the ability to enjoy their outdoor patio while also being comfortable in this unbearable heat* ”

Bill Ford, Vice President of Mist-er-Comfort noted : "We are excited to offer this new product. With record high temperatures across the nation, we thought it was imperative that we introduce a product that would change the way Americans feel about their outdoor activities. Our new patio misting system allows people the ability to enjoy their outdoor patio while also being comfortable in this unbearable heat."

The Patio Misting Systems are available for purchase online. Visit <http://www.mist-ercomfort.com/patio.php> to learn more about the Patio Misting Systems, and how to purchase one today.

About Mist-er-Comfort

MIST-ER- COMFORT outdoor misting systems provide hours of refreshing cool mist that lowers the surrounding air temperature by as much as 25 degrees. The patent pending portable mister heads form a cool curtain of fine mist that acts as a barrier; separating you and your guests from the summer heat. Enjoy the outdoors...all year long! MIST-ER-COMFORT has misting systems specially designed for boats, patios, RVs and a portable model for everywhere else. Easy...DO-IT-YOURSELF installation design allows anyone to setup a misting system in minutes. Durable non-corrosive and UV resistant materials will allow years of service.
